

iPod Docking Station with Clock Radio

This compact docking station features an integrated clock radio. It allows users to charge and play music from their iPod.

Product Overview

Compact Audio & Charging Solution

This versatile docking station combines a reliable clock radio with a convenient charging cradle for iPod devices. Designed with a sleek, modern aesthetic, it serves as an ideal bedside or desktop companion for both audio playback and timekeeping. The integrated digital display ensures clear visibility of the time and date, while built-in speakers provide high-quality sound output.
