

ISF2.8 Engine Fuel Injector

This high-pressure fuel injector is designed for ISF2.8 diesel engines. It delivers precise fuel atomization and injection timing for optimal combustion efficiency and reduced emissions.

Product Overview

High-Performance Fuel Injector

This fuel injector is precision-engineered for the ISF2.8 engine, ensuring optimal combustion efficiency and reliable performance. Constructed from durable metal and copper materials, it is built to withstand high-pressure operating environments. This original-quality component provides consistent fuel atomization, contributing to better engine operation and fuel economy.

Technical Specifications

Dimensions

280 mm
Length

90 mm
Width

60 mm
Height

Part Number	5309291
Compatible Engine	ISF2.8
Materials	Metal, Copper
Weight	0.5 kg

Quality & Logistics

Quality Grade

Original

Payment Terms

- TT 30% deposit
- 70% upon bill of lading
- L/C

Warranty

12 months

Packaging

1 piece per box (Original Box)
