

Jet SportX Gas Scooter

The Jet SportX scooter is a stylish and sporty urban mobility solution. Equipped with a responsive engine, it delivers quick acceleration and efficient fuel consumption.

Overview

Designed for Performance

The Jet SportX combines track-inspired engineering with a state-of-the-art aerodynamic design. Built for enthusiasts, it features a responsive power output system and high-visibility digital instrumentation for safer, more efficient urban mobility. Its compact frame and agile handling make it an ideal choice for navigating demanding city environments.

Performance & Mechanical

Front Braking	190mm wave disk rotor
Exhaust System	Winding pipe for smoother power output

Instrumentation

Digital Meter Functions

- Fuel gauge
- Over-heat warning
- Mileage counter
- Clock
- RPM indicator
- Speedometer

Safety

Braking Setup	Front Double Disk, Rear Double Disk
