## Product Overview

Detailed view of the fork assembly designed for cub-style motorcycles.

### High-Performance Front Fork Assembly

This high-quality front fork assembly is precision-engineered for 70cc cub-style motorcycles. Designed for durability and reliable performance, it serves as an essential component for maintenance and repair. The assembly is compatible with various small-displacement engines, ensuring a secure fit and smooth handling for standard cub motorcycle frames.

## Compatibility

**1P39FMA JH70**  
JH50/90/100/110/125cc

High Quality Parts & Kits by Nihao Motor

Durable construction suitable for various small-displacement motorcycle models.

### Supported Series

- JH50
- JH70
- JH90
- JH100
- JH110
- JH125

### Engine Compatibility

1P47FMC, 1P39FMA

## Technical Specifications

**1P39FMA JH70**  
JH50/90/100/110/125cc

High Quality Parts & Kits by Nihao Motor

Precision-engineered fork component for reliable performance.

**1P39FMA JH70**  
JH50/90/100/110/125cc

High Quality Parts & Kits by Nihao Motor

Engineered for optimal fitment and safety.

### Application

Cub Engine • Motorcycle Spare Part

### Part Reference

L3 38
