

JIS Rising Stem Gate Valve

This JIS gate valve features a rising stem design, providing a visual indication of the valve's position. It is available in 10K and 20K pressure ratings.

Product Overview

JIS Rising Stem Gate Valve

This JIS rising stem gate valve is engineered for demanding industrial fluid control applications. Featuring a robust rising stem design, it provides clear visual indication of the valve's open or closed position for enhanced operational safety. Constructed from durable WCB material, this valve is built to withstand rigorous pipeline environments while maintaining long-term reliability.

Technical Specifications

Design Standard	JIS
Stem Type	Rising Stem
Body Material	WCB

Performance Metrics

Nominal Size

150 A
Size

Available Pressure Ratings	10K, 20K
