

# JUKI 504 SMT Nozzle for Pick-and-Place Machines

This SMT nozzle is designed for use with JUKI pick-and-place machines. It ensures accurate and reliable component placement during PCB assembly.

## ADDITIONAL IMAGES

## Product Overview

### High-Precision SMT Nozzle

This high-precision nozzle is designed for automated surface mount technology (SMT) pick-and-place machines. Engineered for reliable component handling, it features a durable spring-loaded mechanism built to withstand high-speed production environments. Available as both original and copy types, this part ensures consistent placement accuracy in electronic assembly processes.

## Technical Specifications

Part Number	40001342
Model ID	504

## Product Compatibility

### Compatible Series List

- 500 (40011046)
- 501 (40001339)
- 502 (40001340)
- 503 (40001341)
- 505 (40001343)
- 506 (40001344)
- 507 (40001345)
- 508 (40001346)
- 510 (E36157290A0)
- 511 (E36167290A0)
- 509 (40025165)
