

K03 Turbocharger for Vehicle Engines

This turbocharger enhances engine performance by forcing more air into the combustion chamber, increasing horsepower and torque. It is engineered for durability and optimal performance under demanding conditions.

Product Overview

Performance Enhancement

The K03 turbocharger is engineered to significantly boost engine performance by forcing a greater volume of air into the combustion chamber. This process results in a measurable increase in both horsepower and torque, providing better throttle response. Built for durability and reliability, it ensures consistent operation even under demanding driving conditions.

Technical Specifications

Model Number	K03
OEM Reference Number	53039880005
