Product Overview

K19 Diesel Engine Cylinder Block

This heavy-duty cylinder block is a critical engine component designed specifically for K19 diesel engine configurations. Engineered for durability, it is constructed from high-strength cast iron to ensure reliability in demanding industrial and automotive environments. The unit features precision-machined surfaces and six cylinder bores, providing a robust foundation for high-performance engine assembly.

Technical Specifications

| | |
|-----------------|-------------------------|
| Part Number | 79325975 |
| Serial Number | 1140123 |
| Casting Numbers | 1, 2, 3, 4 |
| Secondary ID | 1008187 |
| Material | High-strength cast iron |
| Cylinder Bores | 6 |

Applications

Suitable Machinery

- Bus
- Truck
- Bulldozer
- Excavator
- Generator
- Tractor
- Marine Engine
- Construction Machinery
