

# Kitchen Cooker Hood with Integrated Lamp

This kitchen cooker hood features a black crystal tempered glass panel and an intelligent DC push rod structure. It offers a maximum air volume of 20m<sup>3</sup>/h and incorporates wave sensing technology.

## ADDITIONAL IMAGES

## Overview

### High-Efficiency Kitchen Ventilation

This modern cooker hood is designed to provide effective kitchen ventilation, efficiently removing smoke, grease, and odors for a cleaner cooking environment. Featuring a sleek design and an integrated lamp, it enhances visibility over the cooktop while seamlessly blending into contemporary kitchen aesthetics. With a powerful motor and high energy efficiency, it is an ideal solution for maintaining a fresh and comfortable culinary space.

## Technical Specifications

Model Number	CXW-218-C2107(B)
Motor Input Power	218 W
Generator Type	Plastic motor
