

Kitchen Countertop Blender with Additional Blending Jar

This kitchen blender features a glass jar with measurement markings up to 1500ml and a stainless steel base. A smaller, separate blending attachment with a glass jar is also included.

Product Overview

Professional Kitchen Performance

This versatile kitchen countertop blender is designed for efficiency and durability in professional environments. Featuring a robust stainless steel body and a powerful motor ranging from 500W to 800W, it handles demanding blending tasks with ease. The system includes a standard 1.5L glass jar and a specialized glass mill, with an optional 1.75L glass jar available to suit different volume requirements.
