

Kitchen Ventilation Hood

This kitchen ventilator hood removes smoke, grease, and odors from the cooking area. It features adjustable fan speeds and integrated lighting.

Overview

Efficient Kitchen Ventilation

The 60F17 is a sleek, low-profile kitchen ventilation hood designed to effectively remove smoke, grease, and odors from your cooking environment. Constructed from durable stainless steel, it features mechanical push-button controls for adjustable fan speeds and integrated LED lighting to illuminate the workspace. Its under-cabinet design makes it a versatile choice for various kitchen layouts, ensuring easy maintenance with high-quality aluminum grease filters.
