

Kitchen Ventilation Hood with LED Lighting

This kitchen hood provides efficient ventilation with a sleek, modern design. It features integrated LED lighting and intuitive touch controls.

Overview

High-Performance Kitchen Ventilation

This kitchen ventilation hood combines robust performance with modern design, featuring a powerful full-sealed metal AC motor and a metal fan with a durable Teflon finish. Designed for professional-grade air extraction, it offers an airflow capacity of 1200m³/h and efficient sensor touch controls. The unit includes integrated LED lighting and a multi-layer filtration system, making it an ideal choice for maintaining a clean and fresh kitchen environment.

Performance & Technical

Airflow Capacity

1200 m³/h

Airflow

220 Pa

Air Pressure

Noise Level	53 dB
Speed Levels	3
Total Input Power	184 W

Components & Design

Control Interface

Sensor touch control

Motor Type	Full sealed metal AC motor
Fan Type	Metal fan with teflon finish
Lighting	2*2W LED
Filter Type	5 layer aluminium filter

Dimensions & Logistics

Weight Specifications

Type	Weight
Net Weight (N.W)	17kg
Gross Weight (G.W)	20.5kg

Venting Size	150 mm
Packing Size (W*D*H)	655*530*530 mm
