

# Kitchen Ventilation Hood with LED Lighting

This kitchen ventilator is designed for efficient smoke and odor removal. It features a multi-layer filtration system, variable speed settings, and integrated LED lighting.

## Overview

### Professional Kitchen Ventilation

The MCHW-9002C is a high-performance kitchen ventilator engineered for superior smoke and odor extraction in demanding environments. Combining durable stainless steel construction with a modern black finish, this unit provides both industrial-grade reliability and a sleek aesthetic suitable for contemporary kitchen designs. It features a sophisticated multi-layer filtration system, intuitive touch controls, and integrated LED lighting to ensure optimal visibility and ease of use.

## Technical Specifications

Model Number	MCHW-9002C
Construction Material	Stainless Steel with Black Finish

## Features

### Key Features

- Multi-layer filtration system
- Variable speed settings
- Integrated LED lighting
- Digital operational display
- Touch control interface

### Certifications
