Overview

High-Performance Kitchen Ventilation

This advanced kitchen range hood features intelligent voice control and a powerful dual-core drive system, ensuring efficient removal of smoke, steam, and odors. Designed for modern kitchens, it combines high suction capacity with impressive wind pressure to maintain a clean cooking environment. Built for durability and performance, this unit offers Class A energy efficiency and intuitive operation for professional-grade results.

Performance Metrics

Suction Capacity

25 m³/min

Suction Capacity

Wind Pressure	600 Pa
Maximum Static Pressure	900 Pa
Noise Level	70 dB(A)

Technical Specifications

Energy Efficiency Class

Class A

Model Number	CXW-220-Z1810(B)
Motor Power	220 W
Total Pressure Efficiency	28 %

Dimensions

Dimensions (W*D*H)

895*650*520 mm

Features

Key Features

- Intelligent voice control
- Dual-core drive system
- High wind pressure performance
