Product Overview

High-Efficiency Knapsack Sprayer

The FST-708 is a 2-stroke backpack power sprayer engineered for professional agricultural and gardening applications. Designed for portability and maneuverability, it allows operators to efficiently apply pesticides, herbicides, fertilizers, and other liquid solutions across fields and gardens. Its robust engine and durable tank construction ensure reliable, extended performance for plant protection and maintenance tasks.

Technical Specifications

Engine Displacement	26 CC
Engine Type	2-Stroke
