

Kneading and Heat Pillow Massager

This pillow massager delivers a warm and kneading massage with positive and negative rotation. It simulates a 3D manipulator and features a smart button for easy control.

Product Overview

Therapeutic Comfort On-the-Go

The MQ06 Pillow Massager offers a comprehensive therapeutic experience, combining warm, kneading massage with 3D manipulator simulation to mimic professional techniques. Designed for convenience, it features intuitive smart-button controls and a portable form factor suitable for use anytime, anywhere. With its robust construction and long-standby capabilities, this massager ensures reliable, persistent relaxation for users.
