

Laboratory Instrument Display Frame

This wooden photo frame features a decorative border, perfect for displaying lab-related images. It is suitable as a decorative item in a laboratory setting.

Overview

Professional Laboratory Display Solution

This display frame is designed for laboratory environments, offering a clean and professional way to showcase scientific diagrams, instrument instructions, or lab-related imagery. Featuring a durable construction with a light-colored wood finish and a sophisticated patterned inner border, it integrates seamlessly into modern research or educational settings. The frame is available in two standard sizes to accommodate various documentation needs.
