Overview

Professional Ladder-Style Towel Warmer

This ladder-style towel warmer radiator is engineered for both central hydronic and electric heating systems, offering versatile installation options for modern bathrooms. Constructed from high-quality mild steel (SPCC/Q195), it features a patented welding process that ensures a stronger, more durable structure with superior sealing. Compliant with EN442 standards, this unit provides reliable performance and efficient heat output, making it an ideal choice for commercial and residential projects.

Technical Specifications

Finishing

Chrome Plated (Cr 6+ / 3+) • Powder Coated (Customized Color)

Material

Mild Steel (SPCC / Q195)

Heating Compatibility

Central Hydronic, Electric

Standards & Certifications

EN442, ISO 9000, ISO 14001, SA8000
