

Ladybug Umbrella

This umbrella is designed to resemble a ladybug. It features a red canopy with black polka dots and white antennae.

Product Overview

Whimsical Rain Protection

The Ladybug Umbrella combines functional rain protection with a delightful, novelty design. Featuring a vibrant red canopy adorned with classic black polka dots and a scalloped edge, it stands out as both a practical accessory and a playful statement piece. The design is completed with charming white antennae details, making it an eye-catching choice for those who value unique aesthetics.
