

# Laundry Washer Dryer Combination

This appliance combines washing and drying capabilities in one unit. It efficiently cleans and dries clothing, saving space and time.

## Product Overview

### Professional Laundry Washer Dryer Combination

This advanced laundry solution combines high-efficiency washing and drying capabilities in a single unit. Designed for optimal space utilization, it offers professional-grade cleaning performance and drying precision. Its robust construction ensures long-term reliability for demanding B2B environments, making it a perfect choice for hospitality and facility management.

## Key Performance Metrics

### Performance Capacity

**10 kg**

Washing Capacity

**7 kg**

Drying Capacity

**1400 RPM**

Spin Speed

## Technical Specifications

### Available Programs

- Cotton
- Synthetics
- Delicates
- Quick Wash
- Steam Refresh

### Power Requirements

220-240V / 50Hz

### Certifications

CE, ISO 9001, RoHS

## Dimensions and Build

### Dimensions

Dimension	Measurement
Height	850 mm
Width	595 mm
Depth	565 mm

## Features

### Integrated Features

Inverter Motor • Steam Function • Auto-Dosing • Child Lock
