

Laundry Washing and Drying Machine

This machine combines both washing and drying functions. It efficiently cleans and dries clothing in a single appliance.

Product Overview

Industrial Laundry Solutions

This advanced laundry washing and drying machine is designed for high-efficiency commercial and industrial operations. It combines heavy-duty cleaning power with precise temperature control to ensure optimal fabric care and hygiene. Built for durability and consistent performance, this unit provides a reliable solution for professional facilities requiring streamlined throughput.

Performance Metrics

Operational Efficiency

25 kg

Capacity

1200 RPM

Spin Speed

Technical Specifications

Compliance

ISO 9001 • CE Certified

Material Composition

Stainless Steel, Corrosion Resistant, Industrial Grade

Electrical Input

380 V

System Features

Operating Modes

- Sanitization Cycle
- High-Efficiency Wash
- Delicate Fabric Mode
- Rapid Dry Cycle
