

# Laundry Washing and Drying Machine

This machine combines the functions of both a washing machine and a clothes dryer. It streamlines laundry tasks by washing and drying clothing in one appliance.

## Overview

### Professional Laundry Solution

This advanced laundry system integrates high-performance washing and drying capabilities into a single, efficient unit. Designed for professional environments, it offers robust cleaning cycles and rapid drying to optimize laundry throughput. The equipment is engineered for durability, reliability, and ease of use in high-demand settings.

## Performance Metrics

### Key Performance Indicators

**15 kg**

Washing Capacity

**10 kg**

Drying Capacity

**1400 RPM**

Spin Speed

## Technical Specifications

### Available Cycle Modes

- Heavy Duty Wash
- Eco-Friendly Wash
- Delicate Care
- Quick Drying
- Sanitization Steam Cycle

### Electrical Input

220V-240V / 50Hz

## Compliance and Quality

### Compliance Badges

ISO 9001 • CE Certified • Energy Efficiency A++
