

Laundry Washing and Drying Machine

This machine combines both washing and drying functionalities. It efficiently cleans and dries clothing in a single appliance.

Overview

Professional Laundry Solution

This advanced laundry washing and drying machine is designed for efficient, large-capacity fabric care in professional settings. Featuring integrated technology for both cleaning and drying cycles, it provides a comprehensive solution for high-volume operations. Engineered for durability and consistent performance, it ensures optimal garment maintenance and operational reliability.

Key Metrics

Operational Performance

20 kg

Washing Capacity

15 kg

Drying Capacity

Technical Details

Included Features

- Automated cleaning cycle
- High-efficiency moisture extraction
- Programmable drying phases
- Stainless steel drum construction

Compliance and Standards

CE, ISO 9001
