

Lawn Mower with Adjustable Cutting Height

This lawn mower is a robust machine designed for maintaining lawns and grass areas. It features adjustable cutting heights to suit various grass conditions and a collection bag for efficient grass clipping disposal.

Overview

Professional Lawn Maintenance

This robust lawn mower is engineered for efficient lawn care, featuring a reliable 139cc 4-stroke engine that delivers consistent power for various grass conditions. With a 460mm cutting width and adjustable cutting heights ranging from 25mm to 75mm, it provides versatility for both residential and commercial applications. The durable steel deck and thoughtful ergonomic design ensure long-lasting performance and ease of operation for the user.
