

LCD Display Electric Iron

This electric iron is equipped with an LCD display for temperature control and adjustable settings. It also features a non-stick soleplate and steam function for effective wrinkle removal on various fabric types.

Product Overview

Professional LCD Electric Iron

This advanced electric iron is designed for efficient garment care, featuring a precise LCD display for intuitive temperature control. Engineered with a non-stick soleplate, it ensures smooth gliding across various fabric types while minimizing drag. Integrated safety features, including automatic shut-off and overheat protection, provide peace of mind during operation.

Key Features
