

LCD Hot and Cold Water Dispenser

This water dispenser provides both hot and cold water. It features an LCD screen to display temperature and settings.

Product Overview

Professional Water Dispenser Series

The 72-series water dispenser provides a reliable solution for both hot and cold water needs in professional and domestic environments. Featuring a modern interface with an integrated LCD display, it offers precise control and visibility. With versatile cooling options and efficient heating capacities, this dispenser is designed to maintain optimal water temperatures for daily consumption.
