

LCD Module

This LCD module is designed for various electronic applications. It features a surface mount LED with dimensions of 1.6mm x 0.6mm x 0.4mm and a viewing angle of 130 degrees.

Product Overview

Compact LED Module

This surface mount LED module is designed for applications requiring a compact footprint and efficient light output. Measuring just 1.6mm x 0.6mm x 0.4mm, it fits seamlessly into space-constrained electronic designs. With a wide viewing angle of 130 degrees, it provides reliable backlighting and visual indication for various industrial and consumer devices.
