

LCD Screen Cleaning Kit with Anti-Static Spray

This 2-in-1 kit is designed for cleaning LCD, Plasma, and Laptop screens. It includes a cleaning solution spray and a brush/pad applicator with an anti-static formula to reduce dust attraction.

Product Overview

Professional LCD Screen Cleaning Solution

This 2-in-1 cleaning kit is specifically engineered for sensitive display surfaces, including LCD, Plasma, and laptop screens. The specialized anti-static formula effectively cleans while minimizing future dust attraction, ensuring screens remain clear and streak-free. Designed for ease of use, this kit includes both a cleaning solution spray and an applicator, making it an essential accessory for office and home electronics maintenance.

Compatible Surfaces

LCD Screens, Plasma Screens, Laptop Displays
