

Leather Palm Work Gloves with Dolphin Pattern

These durable work gloves feature a reinforced leather palm and fingers for enhanced grip and protection. The back of the hand is adorned with a unique dolphin pattern.

Product Overview

Durable Protection with Unique Design

These work gloves are engineered for reliability, featuring a reinforced leather palm and fingers that provide enhanced grip and superior protection during demanding tasks. The back of the hand showcases a distinct dolphin pattern, blending functional utility with a touch of personal style. Designed with a focus on long-lasting wear and user comfort, these gloves are a versatile solution for a wide range of applications, including gardening, construction, and general labor.
