

Leather Work Gloves with Reinforced Palm

These durable leather work gloves are designed for comfort and protection. They feature a reinforced leather palm, a striped fabric backing for breathability, and an adjustable wrist closure for a secure fit.

Overview

Professional Leather Work Gloves

These durable leather work gloves are engineered to provide a balance of protection and comfort for demanding tasks. Featuring a reinforced leather palm for enhanced abrasion resistance and a breathable striped fabric backing, they ensure long-lasting wear during extended use. The adjustable wrist closure allows for a secure, customized fit, making them an ideal choice for various industrial and manual labor applications.
