Overview

Robust Lighting Solution

This LED bulkhead light fixture is a versatile and energy-efficient lighting solution engineered for both indoor and outdoor environments. Featuring a durable, impact-resistant polycarbonate housing and a sealed construction, it provides reliable protection against dust, moisture, and vandalism. Its integrated LED source ensures bright, uniform illumination with a long lifespan, making it an ideal choice for corridors, stairwells, and exterior walkways.

Technical Specifications

Light Source	Integrated LED
Housing Material	Polycarbonate
Design Features	Impact-resistant, Sealed construction, Protective grid, Ribbed diffuser

Applications

Recommended Applications

- Corridors
- Stairwells
- Walkways
- Exterior walls
- General area lighting

Environment Suitability

Indoor • Outdoor
