

# LED Carabiner Clip Flashlight

Compact LED flashlight integrated into a carabiner clip. It features a durable aluminum alloy construction for convenient attachment to keychains, backpacks, or gear loops.

## Product Overview

### Versatile Carabiner LED Flashlight

This compact and lightweight LED flashlight is integrated directly into a durable carabiner clip for maximum portability. Crafted from high-quality aluminum alloy, it offers reliable illumination while serving as a convenient attachment for keychains, backpacks, or gear loops. It is an excellent choice for promotional giveaways, emergency preparedness kits, and everyday carry applications.
