Product Overview

Versatile LED Ceiling Fan & Light

This 16-inch ceiling fan with integrated LED lighting is designed for efficient air circulation and illumination in compact indoor spaces. Featuring a 360-degree oscillation function and adjustable brightness settings, it provides customizable comfort and visibility. The durable ABS blade construction and high-performance motor ensure reliable operation for residential or commercial use.

Performance & Technical

Key Performance Metrics

1300 rpm
Rotation Speed

95 CBM/min
Avg Air Flow

Air Flow	95 CBM/min
Motor Speed	1300 rpm
Motor Size	74 x 74 x 25 mm

Lighting

LED Power	24 W
Color Temperature	4000K
Luminous Flux	1400 - 1800 lm

Features

Control Options	Remote Controller, Adjustable Brightness, 3 Wind Speeds
