

LED Edison-Style RGB String Light

This LED RGB string light features clear, Edison-style bulbs connected by a durable black cable. It includes a power cord with an inline controller for adjusting lighting effects, ideal for indoor and outdoor decorative lighting.

Product Overview

Versatile Decorative Lighting

This LED Edison-style RGB string light is designed for both indoor and outdoor decorative applications, perfect for enhancing patios, parties, and events. Featuring durable, shatter-resistant acrylic shells, these lights combine vintage aesthetics with modern energy-efficient LED technology. The system includes an easy-to-use control box that allows for unique color fixing and lighting adjustments.
