

LED Emergency Lantern

This LED emergency lantern provides a reliable lighting solution for emergency and security applications. It features high-intensity LEDs for ample illumination during power outages or in low-light conditions.

Product Overview

Reliable Emergency Lighting

This LED Emergency Lantern is designed as a dependable lighting solution for power outages and low-light environments. Featuring 120 high-intensity SMD3528 LEDs, it offers a robust luminous flux of 560 lumens to ensure visibility when you need it most. With a portable design and dual-mode brightness settings, it serves as an essential safety tool for homes, offices, and vehicles.

Technical Specifications

Luminous Flux

560 lm
Brightness

LED Quantity	120 pcs
LED Type	SMD3528

Power & Battery

Input Voltage	220V
Frequency	50~60Hz
Battery Type	Sealed lead-acid
Battery Capacity	3pcs 4V 1500mAh

Performance

Operating Time	6-8 hours
Brightness Modes	HI, LOW

Physical Dimensions

Dimensions	530 x 64 x 46 mm
