

LED Filament Light Bulb

This LED filament bulb combines the classic aesthetic of vintage incandescent bulbs with the energy efficiency of modern LED technology. Featuring a clear glass enclosure, the bulb showcases the intricate filament design, providing a warm and inviting glow.

Product Overview

Vintage Aesthetic, Modern Efficiency

This LED filament bulb perfectly combines the classic, warm aesthetic of vintage incandescent bulbs with the high energy efficiency of modern LED technology. Featuring a clear glass enclosure, it showcases an intricate filament design that provides a 360-degree light distribution, perfect for decorative pendant lights and exposed fixtures. Designed for long-lasting performance, this bulb minimizes maintenance needs while adding timeless charm to any professional or commercial space.

Technical Specifications

Bulb Shape	ST64
Base Type	E27
Filament Technology	LED Filament

Performance Metrics

Available Wattage

- 4W
- 6W
- 8W

Color Temperature

2700K • 4200K • 6000K

Voltage Compatibility

85-265V, 110-130V, 220-240V
