Product Overview

High-Performance LED Flood Lighting

This LED flood light range, spanning from 10W to 400W, is engineered for demanding outdoor and indoor lighting applications. Featuring a robust, ultra-thin aluminum die-cast housing with advanced spraying technology, the fixture is designed to resist rust and corrosion while ensuring exceptional durability. With superior thermal management and reliable waterproof sealing, this solution delivers consistent, long-life illumination ideal for security, landscape, and general area lighting.

Technical Specifications

Wattage Range	10W - 400W
Housing Material	Aluminum Die-Casting
Protection Features	Waterproof, Rust-Resistant, Corrosion-Resistant

Design & Build

Design Style	Ultra-thin, Unique Shape
Thermal Management	Integrated high-efficiency heat dissipation system

Applications

Recommended Uses

- Security Lighting
- Landscape Lighting
- General Area Illumination
- Indoor Lighting
