

# LED Gas Price Display

The LED gas price sign is designed for displaying fuel prices at gas stations. Featuring a waterproof and dustproof design, the price number can be changed remotely.

## ADDITIONAL IMAGES

## Overview

### High-Visibility LED Gas Price Signage

Designed specifically for outdoor gas station environments, this LED price display provides exceptional visibility and reliability in all weather conditions. The modular construction allows for flexible digit configurations, ensuring it meets specific pricing format requirements for fuel types like gasoline and diesel. With advanced remote control, mobile app, and computer connectivity, updating prices is quick, efficient, and user-friendly.

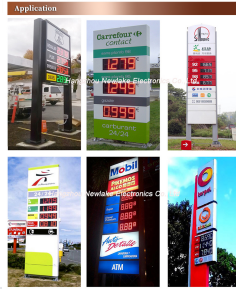

## Technical Specifications

Robust black metal frame with integrated LED matrices for high-visibility pricing.

IP Rating	IP67 (Waterproof and Dustproof)
Power Supply	DC12V
Certifications	CE, RoHS

## Display & Visuals

High-visibility display suitable for various fuel types and outdoor environments.

### Brightness Adjustment

- 3 Levels Auto-adjusting
- 16 Levels Manual adjustment

### Standard Digit Height

12 inch

### Available LED Colors

Red, Green, Amber, White

## Control & Connectivity

### Control Options

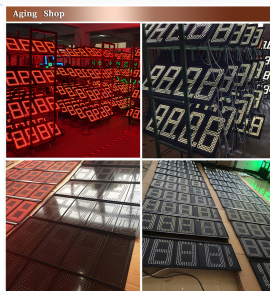

- RF Remote Controller
- Mobile App (WiFi)
- Computer (WiFi/4G)
- RS232 Serial Port
- TCP/IP

### RF Transmission Distance

**300 m**

Max Range

## Installation & Assembly

Durable and weather-resistant construction designed for long-term reliability.

### System Configuration

Feature	Capability
Max Groups	10
Face Options	Single or Double-sided
Line Capacity	1 to 8 lines
Mounting System	S-Type aluminum brackets
