Product Overview

Industrial High-Performance Lighting

The HB21 LED High Bay Light is a robust and energy-efficient solution engineered for demanding industrial and commercial environments. Designed for warehouses, factories, and gymnasiums, this fixture delivers high-intensity, uniform illumination while minimizing power consumption and maintenance requirements. Its durable construction ensures reliable performance and optimal heat dissipation, making it an ideal choice for large indoor spaces requiring long-term, dependable lighting.

Technical Specifications

Mounting Type	Suspension mounting (hook included)
Ideal Applications	Warehouses, Factories, Gymnasiums, Large Indoor Spaces

Performance

Key Benefits

- High lumen output
- Low power consumption
- Optimal heat dissipation
- Rugged housing construction

Beam Angle	Wide beam angle for broad coverage
