Product Overview

Premium LED Turbine Air Vents for W222 S-Class

Upgrade the interior ambiance of your W222 S-Class (2018+) with these high-performance LED illuminated air vents. Designed for seamless integration, these vents feature a turbine-style aesthetic that syncs perfectly with the vehicle's original 64-color atmosphere lighting system. The plug-and-play installation avoids the need for cutting or modifying vehicle wiring, ensuring a professional and reliable fit.
