

LED Lamp

This is an LED lamp. It comes in multiple types.

Product Overview

Comprehensive LED Lighting Solutions

This diverse selection of LED lamps offers professional-grade components suitable for a wide range of industrial and electronic applications. The range includes specialized form factors such as round, cylindrical, tower, and right-angle designs, ensuring compatibility with varying mounting requirements. With options ranging from high-intensity and high-efficiency models to those with integrated resistors, these LEDs provide reliable illumination for indicators, backlighting, and signal displays.

Technical Specifications

Available Form Factors

- 2mm Tower LEDs
- 3mm Round (Economical, Standard, High-Efficiency, Low Current)
- 3mm Cylindrical LEDs
- 3mm Backlighting LEDs
- 3mm Bi-Color LEDs
- 3.75mm Round High-Intensity LEDs
- 4mm Round LEDs
- 2.5x5.0mm Right-Angle LEDs
- 5mm Round Flangeless LEDs

Integrated Features	Integrated 5V Resistor, Small Flange Option, Stand-off Support, Bi-Color Capability
Supply Voltage (Specific Models)	5 V
