

LED Off-Road Light Bar

This high-intensity LED light bar is designed for off-road and utility vehicle applications. Its waterproof and dustproof construction ensures reliable performance in all weather conditions.

Product Overview

High-Performance Illumination

This high-intensity LED light bar is engineered for demanding off-road and utility vehicle environments. Featuring a durable aluminum housing and a resilient polycarbonate lens, it is built to withstand harsh conditions while providing a bright, focused beam for superior visibility. With its rugged, waterproof, and dustproof construction, this unit ensures reliable performance for trucks, SUVs, ATVs, and boats.

Technical Specifications

Operating Voltage	30 V DC
Minimum Voltage	10 V DC
Operating Temperature	-40°C to +80°C
Warranty Period	18 months

Certifications & Compliance

Ingress Protection Rating	IP68
Certifications	E-mark, CE, ISO 9001, SGS, FC, EMC

Applications

Compatible Vehicles

- Trucks
- SUVs
- ATVs
- Boats
