Product Overview

High-Efficiency LED Downlight

This 24W LED recessed downlight is engineered for both residential and commercial indoor lighting applications. Featuring an isolated driver and robust thermal management through integrated heat sink fins, it ensures reliable, long-lasting performance. With a high luminous efficacy of 110lm/W and multiple color temperature options, it provides efficient and uniform illumination for any professional space.

Technical Specifications

Power Consumption	24 W
Luminous Efficacy	110 lm/W
Color Temperature Options	3000K, 4000K, 6000K
Driver Type	Isolated Driver
LED Chip Type	Chips 3A

Warranty & Support

Warranty Period	2 years
