Product Overview

High-Efficiency LED T8 Glass Tube

The LED T8 Glass Tube is a professional-grade lighting solution designed for superior energy efficiency and long-term reliability. Featuring a robust glass housing, this tube provides excellent light transmission and durability for various commercial and industrial applications. Its advanced design incorporates safety features such as anti-leakage technology, ensuring consistent performance and ease of installation.

Technical Specifications

Category	Light Emitting Diode (LED)
Housing Material	Glass
Connector Type	Two-pin plug

Safety & Features

Safety Features	Anti-leakage design, Scientific upgrade, Safe operation
Energy Efficient	Yes
