

LED Vapor Tight Light Fixture

This LED vapor tight light fixture is designed for demanding environments. Its durable, sealed enclosure protects internal components while providing efficient and uniform illumination for various applications.

Product Overview

High-Performance Vapor Tight Lighting

This LED vapor tight light fixture is engineered for demanding environments where moisture, dust, and corrosion are significant concerns. Featuring a robust, sealed enclosure, it ensures long-term protection of internal components while delivering efficient and uniform illumination. It is an ideal lighting solution for industrial facilities, parking garages, and food processing plants, offering reduced maintenance costs and reliable performance.

Key Features

Protection Rating

Vapor Tight • Moisture Resistant • Dust Resistant • Corrosion Resistant

Suitable Applications

Parking Garages, Industrial Facilities, Food Processing Plants, Damp Environments
