

# LED Vapor Tight Light Fixture

This LED vapor tight light fixture is designed for damp or wet locations. Its durable polycarbonate housing is impact and corrosion resistant, and the LED light source provides bright, energy-efficient illumination.

## Product Overview

### Industrial-Grade Illumination

This LED vapor tight light fixture is engineered specifically for reliable performance in damp or wet environments. Featuring a robust, impact-resistant polycarbonate housing, it offers superior corrosion resistance for demanding settings. Its energy-efficient LED source ensures bright, consistent illumination, making it an ideal lighting solution for parking garages, warehouses, and various industrial applications.

### Maintenance

Designed for easy installation and long-lasting performance with minimal maintenance requirements.

## Key Features

### Durability & Design

Vapor Tight, Impact Resistant, Corrosion Resistant, Damp Location Rated, Wet Location Rated

## Applications

### Ideal For

- Parking Garages
- Warehouses
- Industrial Facilities
- Damp Environments
- Wet Locations
