

LED Vapor Tight Light Fixture

This LED vapor tight light fixture is designed for demanding environments. The sealed enclosure protects against moisture, dust, and corrosion.

Product Overview

Durable Industrial Lighting

The LED Vapor Tight Light Fixture is a robust, energy-efficient solution engineered for demanding environments. Its sealed enclosure provides essential protection against moisture, dust, and corrosion, making it suitable for industrial, commercial, and agricultural applications. This fixture delivers bright, uniform illumination while minimizing energy consumption to ensure long-term cost savings.

Key Features

Application Areas

Industrial, Commercial, Agricultural, Indoor, Outdoor

Technical Specifications

Protection Type

Vapor Tight • Dust Resistant • Moisture Resistant • Corrosion Resistant
