

LED Vapor Tight Light Fixture

The LED Vapor Tight Light Fixture is a durable and energy-efficient lighting solution designed for demanding environments. Its sealed enclosure protects against moisture, dust, and corrosion, making it suitable for industrial facilities, parking garages, and food processing plants.

Product Overview

Durable Industrial Lighting

This LED Vapor Tight Light Fixture is engineered for demanding environments, providing a robust solution for areas prone to moisture, dust, and corrosion. Featuring high-performance LED technology, it delivers bright, uniform illumination while maintaining energy efficiency to reduce operational costs. Its impact-resistant polycarbonate lens and IP65-rated sealed enclosure ensure long-lasting performance in industrial facilities, parking garages, and food processing plants.

Technical Specifications

IP Rating

IP65

Mounting Style

Surface Mount

Lens Material

Polycarbonate

Key Features

Key Benefits

- Moisture and dust resistant
- Corrosion resistant
- Impact-resistant lens
- Energy-efficient LED technology
- Easy installation

Suitable Environments

Industrial Facilities, Parking Garages, Car Washes, Food Processing Plants, Wet Environments, Dusty Environments
