

# LED Vapor Tight Light Fixture

This LED vapor tight light fixture is designed for damp, wet, and harsh environments. Its durable enclosure protects the LED components from moisture, dust, and corrosion while providing bright, energy-efficient illumination suitable for parking garages, warehouses, and food processing facilities.

## Product Overview

### High-Performance Vapor Tight Lighting

This LED vapor tight light fixture is engineered specifically for damp, wet, and harsh operating environments. Its durable, sealed enclosure provides essential protection against moisture, dust, and corrosive elements, ensuring long-term reliability. Designed for energy efficiency and bright illumination, it serves as an ideal lighting solution for demanding spaces such as parking garages, warehouses, and food processing facilities.

## Key Features

### Durability & Protection

- Moisture-resistant enclosure
- Dust-proof design
- Corrosion-resistant construction
- High-quality LED components

### Suitable Applications

Parking Garages, Warehouses, Food Processing Facilities, Wet Environments, Damp Locations

## Performance

### Performance Highlights

**1 Reduced**  
Maintenance

**100 %**  
Energy Efficiency
