Product Overview

Heavy-Duty Lever Action Grease Gun

This heavy-duty grease gun is engineered for high-pressure lubrication across automotive, industrial, and agricultural environments. Featuring a robust lever-action mechanism, it ensures consistent and efficient grease delivery even in demanding conditions. The design includes both rigid extensions and flexible hoses to provide reliable access to hard-to-reach lubrication points.

Technical Specifications

Included Accessories

- Rigid extension
- Flexible hose
- Nozzle

Mechanism Type	Lever Action
Application Areas	Automotive, Industrial, Agricultural

Standards & Compliance

Compliance Standards

DIN12831
